*Dear All,*

After Fontanelle and Molinella (and four years of works!) this summer we opened the third and last farmhouse, Poderaccio.

You will find some photos on this page, and others you will find on our website, [www.collesanpaolo.it](http://www.collesanpaolo.it). If you click on the plans of the apartments you will see all the interiors.

These apartments are spacious and very colourful, furnished with books, toys and furniture for children; in the garden there are a small play area and a large gazebo equipped for eating outside, with beautiful views of the fields and the valley.

### Olive picking at I Casali di Colle San Paolo

You are invited to participate, even only just to try. You can accompany us to the olive mill, to see the olives being pressed, and we will give you a bottle of the delicious new organic olive oil for your "bruschetta".

**Contact us for the long weekend of 29 October - 1 November.**

### Sentieri d'Autunno

Every Saturday and Sunday during November: 3-hour walks among the hills and the woods around the lake, with a final stop at an oil mill or a wine-producing estate to taste local specialties.

**The first excursion?** Saturday 6 November, on the hills near Paciano, with visit to the oil mill "Le Balze".
